

LifeBook® Q2010 Notebook

The LifeBook Q2010 notebook is designed for mobile professionals with a discerning eye for the perfect synthesis of form, function, and style. As the slimmest and lightest 12.1" notebook on the market, its durability, Intel® Centrino® Mobile Technology, advanced connectivity, and security features assure that you sacrifice nothing for its sophisticated style.

BENEFITS

Durable Elegance

The LifeBook Q2010 notebook has taken mobile computing to an entirely new level. Its sophisticated, diminutive form belies the functionality of this durable notebook. With the LifeBook Q2010 notebook, you won't have to sacrifice great looks for durability—you can have both. The Fujitsu Shock Sensor Utility helps protect your shock-mounted hard drive and gives your data a fighting chance in a jostle-rich mobile environment. With magnesium upper and lower casings and titanium hinges, the LifeBook Q2010 notebook was built to "take it" wherever you go.

Ergonomics

Designed to be an extension of your office, the LifeBook Q2010 notebook is the slimmest and lightest notebook with a brilliant 12.1" Crystal View LED backlit display and full-sized keyboard. Its ultra-light 2.2 lb. weight (with 3-cell battery) and extremely thin 0.78" form factor translates to fewer late nights at the office. While you are on the road and require extra battery life, get up to 7 hrs. with the 6-cell or 3.75 hrs. with the 4-cell optional batteries. Challenge the preconceived boundaries of mobile computing—make the LifeBook Q2010 notebook your mobile lifestyle companion. With its handsome optional docking station with built-in optical drive, turn your sleek notebook into a powerful desktop replacement in your office or at home.

Connectivity

Extreme mobility demands extreme connectivity. The LifeBook Q2010 notebook offers a wide range of connectivity options such as Intel® PRO/Wireless 3945ABG Network Connection (Tri-mode 802.11a/b/g) with VoIP capabilities. This helps ensure that you have

the flexibility to stay in touch from a myriad of locations. You can also take advantage of easy data synchronization with Bluetooth devices as well as a Bluetooth V2.0 wireless personal area network.

Comprehensive Security

The LifeBook Q2010 notebook offers a combination of physical hardware and software security solutions that provide outstanding levels of mobile computer protection.

The built-in biometric fingerprint swipe sensor comes as a standard feature, eliminating the need to manage multiple passwords. With a simple swipe of the finger, you can quickly and safely log on to a protected system and online accounts. It also doubles as your scroll button after log-in.

The embedded, TCG 1.2-compliant Trusted Platform Module (TPM) protects digital identification and data, and can be used to authenticate you into your network. It also allows you to securely store private keys and certificates for file and folder encryption, as well as digital signatures and Web and email passwords. Fujitsu includes the Infineon Security Platform Solution Software with the LifeBook Q2010 notebook. This comprehensive set of tools takes advantage of the TPM and is used for policy enforcement and the management of security features.

Reliability

Fujitsu takes pride in its own world-class design, rigorous testing, and manufacturing capabilities. Fujitsu provides extremely high quality mobile computers with one of the lowest failure rates in the industry. The LifeBook Q2010 notebook joins this long line of mobile pedigrees.

OVERVIEW

- Combination of sophisticated style and elegance
- Built with durable materials for added strength
- Intel® Core™ Solo ULV Processor
- Shock-mounted hard drive with Fujitsu ShockSensor Utility
- Ultra-slim 0.78" housing
- Feather-light at 2.2 lbs. (with 3-cell battery)
- Intel® PRO/Wireless 3945ABG Network Connection (Tri-mode 802.11a/b/g)
- Dual digital microphone array for optimum audio clarity
- Easy data synchronization with Bluetooth v2.0 wireless personal area network

1) Norton Internet Security 2006. The 90-day trial version is activated upon user's acceptance of software license agreement. After 90 days, the user must purchase a subscription from Symantec to download latest virus definitions.
2) Accessible capacity may be less due to formatting, applications, and backup utilities.
3) Battery life estimates reflect the results of BAPCo MobileMark2002 Productivity Workloads performed upon systems with battery life setting enabled. Actual battery life will vary based on screen brightness, applications used, features selected, power management settings, battery conditioning, and other customer preferences. DVD/CD-RW, DVD Writer, LAN, wireless LAN or hard drive usage may also have a significant impact on battery life.
4) Service and warranty turnaround time may vary by country and product. The International warranty is only valid for products purchased in North, Central, and South America.

* Not all Windows® Vista™ features are available for use on all Windows Vista Capable PCs. All Windows Vista Capable PCs will run the core experiences of Windows Vista, such as innovations in organizing and finding information, security, and reliability. Some features available in premium editions of Windows Vista – like the new Windows® Aero™ user interface – require advanced or additional hardware. Check www.windowsvista.com/getready for details.

Operating Systems	Genuine Windows® XP Professional
Bundled Software	Adobe Reader®, Microsoft Works 8.5, Quicken® New User Edition 2006, Norton Internet Security™ 2006 ¹ , CyberLink Power2Go™, Roxio DigitalMedia SE, Fujitsu Security Application Panel, Fujitsu Display Controls, Fujitsu HotKey Utility, Fujitsu Driver Update Utility, Fujitsu ShockSensor Utility, Google Toolbar™, Softex OmniPass, Infineon Security Platform Solution
Optional Software	Depending on your configuration you may also receive Microsoft® Office Small Business Edition 2003; Cyberlink PowerProducer™, PowerDirector™ SE, and MakeDVD™ software CD (for Dual-Layer DVD Writer); Bluetooth Utility

Key Specifications

Processor	Intel® Core™ Solo Processor Ultra Low Voltage U1400 (1.20 GHz, 2 MB L2 cache, 533 MHz FSB)	
Chipset	Intel® 945GMS	
Memory	512 MB or 1 GB onboard (soldered and not upgradeable); DDR2 533 MHz SDRAM	
Display	LCD	12.1" Crystal View wide XGA TFT display, LED backlight
	Video Controller	Intel® Graphics Media Accelerator 950; Dynamic Video Memory Technology (DVMT) responds to application requirements and efficiently allocates the proper amount of system memory (up to 128 MB) for optimal graphics and system performance
	Resolution	Maximum internal display resolution: 1280x800, 16M colors External monitor resolution: 1600x1200, 16M colors
Hard Drive²	80 GB, 40 GB or 30 GB; 4200 rpm; P-ATA 100; shock-mounted	
Audio	SigmaTel STAC9228, 8-channel High Definition Audio support; built-in dual array microphones; headphone line-out jack, stereo line-in jack	
Communication	10/100/1000 Ethernet LAN [1000 Ethernet = Gigabit Ethernet]	
Wireless Communication	Intel® PRO/Wireless 3945ABG Network Connection (Tri-mode 802.11a/b/g); Wi-Fi®, CCX and WPA certified; dual antennas Optional Bluetooth (v2.0) Personal Area Network (PAN) for file transfer and data synchronization with other Bluetooth devices	
User Interface	82-key keyboard with 18 mm key pitch and 2 mm key stroke	
Ports	Two USB 2.0, external monitor and Gigabit Ethernet (RJ-45) via VGA/LAN adapter, headphone, microphone, and docking port	
Card Slots	One Type I/II PCMCIA slot, 32-bit PC CardBus architecture One Secure Digital (SD) card	
Security	Trusted Platform Module (TPM), TCG 1.2-compliant AuthenTec Fingerprint Sensor with TruePoint Technology; 15cm/sec slide speed (replaces scroll button)	
Battery³	Main battery: Lithium ion (3-cell, 10.8V, 1150 mAh, 12 WHr, rated up to 1.75 hrs.) High-capacity main battery: Lithium ion (4-cell, 7.2V, 3800 mAh, 27 WHr, rated up to 3.75 hrs.) High-capacity main battery: Lithium ion (6-cell, 10.8V, 5200 mAh, 56 WHr, rated up to 7 hrs.)	
AC Adapter	Autosensing dual voltage support, 100-240V AC, supplying 16 V DC, 3.75A	
Dimensions/Weight	11.7" x 8.62" x 0.78"; approx. 2.2 lbs. with a 3-cell battery 11.7" x 8.62" x 1.1"; approx. 2.4 lbs. with a 4-cell battery 11.7" x 8.62" x 1.3"; approx. 2.7 lbs. with a 6-cell battery	
Operating Temperature	41° F to 95° F/5° C to 35° C (ambient temperature); 20% to 85% relative humidity, non-condensing	
Non-Operating Temperature	5° F to 140° F/5° C to 35° C; 8% to 85% relative humidity, non-condensing	
Key Accessories	Docking station with two USB 2.0, external monitor, Gigabit Ethernet (RJ-45), Universal Lock slot, DC-in, and Optical Drive For a full list of accessories, visit www.shopfujitsu.com or call 1-800-FUJITSU	
Optical drive specifications for optional docking station	Dual-Layer Multi-Format DVD Writer	
	2.4x DVD+R DL	3x DVD-RAM
	2x DVD-R DL	8x DVD-ROM
	8x DVD+/-R	24x CD-R
	4x DVD-RW	10x CD-RW
	4x DVD+RW	24x CD-ROM
