

# LifeBook S2210 Notebook

*Designed and built on next-generation AMD Turion™ 64 X2 Mobile Technology, the amazingly powerful LifeBook® S2210 notebook offers the best business value in terms of mobility, performance, and flexibility. Stylishly designed, this affordable, thin-and-light notebook weighs merely four pounds with a brilliant 13.3" Crystal View XGA display. Powerful and fully featured, the LifeBook S2210 notebook is priced right for anyone with mobility in mind.*

## BENEFITS

### **Balance of Performance and Value**

The latest AMD Turion 64 X2 Mobile Technology is uniquely optimized to deliver dual-core performance with extended battery life, exceptional wireless capability, and rich graphics. The innovative high-speed Hyper-Transport Technology system operates at an amazing bus speed of up to 1600 MHz. No more strangle-holds on your processor. This allows you to unlock the full potential of your mobile computing investment. The LifeBook S2210 notebook delivers powerful performance to help you get your work done quickly. Finally, a powerful thin-and-light notebook that is surprisingly affordable.

### **Compact with Uncompromising Flexibility**

Fujitsu continues its commitment to provide convenience and technological innovation to maximize user productivity. The LifeBook S2210 notebook offers a brilliant 13.3" Crystal View XGA display, comfortable keyboard, plenty of hard drive space, and available memory upgrades. The modular bay can be easily configured to fit your needs, with a Dual-Layer Multi-Format DVD Writer, second hard drive, or a bay battery.

### **The Ultimate in Flexible Connectivity**

With both modem and Gigabit Ethernet built in, you have flexibility in how you connect to your office network or the Internet. For even greater flexibility, the available integrated Wi-Fi® certified Atheros Super AG® 802.11a/b/g wireless LAN delivers superior performance and ultimate flexibility.

### **Secure and Safe Computing**

The LifeBook S2210 notebook now offers state-of-the-art security, allowing users to choose the level and method of security that best fits their needs. The notebook is Smart Card ready<sup>1</sup> and has an embedded Trusted Platform Module (TPM) v1.2 standard. It also can be configured with an optional built-in fingerprint sensor. These security features can be used separately or in concert to prohibit unauthorized users from accessing sensitive data, changing the platform configurations, or signing onto a network.

### **Quality and Reliability**

The close interaction between Fujitsu design, manufacturing, and service engineers creates some of the highest quality products offered in the PC market. In a time when most PCs are assembled by third-party vendors, Fujitsu takes pride in its own world-class design and manufacturing capabilities.

## OVERVIEW

- Brilliant 13.3" XGA display with ATI® Radeon® Xpress 1150 graphics
- Versatile modular bay to accommodate a variety of optical drives or a bay battery
- High-performance hard drive and system memory
- Superior data protection with Fujitsu Shock Sensor technology
- Optional Wi-Fi Certified wireless LAN (802.11a/b/g)
- USB 2.0 and IEEE 1394 for high speed data transfer
- Optional port replicator for easy docking

- 1) Requires optional Smart Card Holder and a third-party application.
- 2) Requires Computrace or LoJack for Laptops service
- 3) Preinstalled with a free 90-day trial version of Symantec's Norton AntiVirus™ 2007. The 90-day trial version is activated upon user's acceptance of software license agreement. After 90 days, the user must purchase a subscription from Symantec to download latest virus definitions.
- 4) One gigabyte (GB) = one billion bytes; accessible capacity will be less and actual capacity depends on the operating environment and formatting
- 5) The internal modems on all Fujitsu notebooks from Fujitsu Computer Systems Corporation are only qualified for use with telephone systems in selected countries, including the United States and Canada. For a list of certified countries, please check <http://www.computers.us.fujitsu.com/modems>.
- 6) Actual speeds over U.S. telephone lines vary, and are less than 56Kbps due to the current FCC regulations and line conditions.
- 7) Battery life estimates reflect the results of BAPCo MobileMark2005 Productivity Workloads performed upon systems with battery life setting enabled on Windows XP operating systems. Actual battery life will vary based on screen brightness, applications used, features selected, power management settings, battery conditioning, and other customer preferences. DVD/CD-RW, DVD Writer, LAN, wireless LAN or hard drive usage may also have a significant impact on battery life.
- 8) Service and warranty turnaround time may vary by country and product. International warranty valid only for products purchased in North, Central, and South America.

Windows Vista PCs will run the core experiences of Windows Vista, such as innovations in organizing and finding information, security, and reliability. Some features available in premium editions of Windows Vista—like the new Windows® Aero™ user interface—require advanced or additional hardware. Check [www.windowsvista.com/getready](http://www.windowsvista.com/getready) for details.

<b>Operating Systems</b>	Genuine Windows Vista™ Home Basic, Genuine Windows Vista™ Business, and Genuine Windows® XP Home
<b>Software</b>	Adobe® Reader®, Microsoft® Internet Explorer®, Quicken® 2005 New User Edition (Genuine Windows® XP Professional), Microsoft® Journal Viewer, Evernote 1.1, Norton Internet Security 2007 <sup>3</sup> , Fujitsu HotKey Utility, Fujitsu Driver Update Utility, Fujitsu Shock Sensor Utility, LifeBook Application Panel, Cyb-erlink PowerDVD, Roxio Easy Media Creator, TPM Utility CD
<b>Optional Software</b>	Depending upon your configuration, you may also receive the following: Cyberlink Power Producer, Microsoft® Works 8.5 with Microsoft® Office 2007 (60-Day Trial) or Microsoft® Office Small Business Edition 2007, Bluetooth Utility CD, Omnipass Fingerprint Sensor Utility

## Key Specifications

<b>Processor</b>	AMD Turion™ 64 X2 Mobile Technology TL-52 (1.6 GHz, 1 MB of L2 cache) with high-speed Hyper-Transport™ Technology system bus operating at 1600 MHz	
<b>Chipset</b>	ATI Mobility U4 (RS485M) + SB460	
<b>Memory</b>	Two SO-DIMM slots; max. 4 GB (2 GB x 2), DDR2 667 MHz	
<b>Display</b>	<b>LCD</b>	13.3" Crystal View XGA TFT Display
	<b>Video Controller</b>	ATI Mobility™ Radeon® Xpress 1150; up to 256MB of shared graphics memory
	<b>Resolution</b>	Maximum internal display: 1024 x 768, 16M colors External monitor: 1600 x 1200, 16M colors Simultaneous: 1024 x 768, 16M colors
<b>Hard Drive<sup>4</sup></b>	100 GB, 80 GB, 60 GB, 40 GB (SATA. 5400 rpm); shock-mounted Further protected by Fujitsu Shock Sensor hard drive protection system	
<b>Optical Drive</b>	Modular Dual-Layer Multi-Format DVD Writer Modular DVD/CD-RW Combo Drive	
<b>Audio</b>	Realtek ALC262 Codec; Dolby® Headphone Utility to emulate realistic surround sound using conventional stereo headphones on DVD models	
<b>Communications</b>	Multinational <sup>5</sup> 56K <sup>6</sup> V.90 Modem and 10/100/1000 Gigabit Ethernet LAN	
<b>Wireless Communications</b>	Atheros Super AG® Wireless LAN (802.11a/b/g); antenna, radio ON/OFF switch	
<b>User Interfaces</b>	Integrated touchpad pointing device with scroll button; 84-key full-size keyboard with 19 mm key pitch and 3 mm key stroke	
<b>Ports</b>	Three USB 2.0	Gigabit Ethernet (RJ-45)
	Mini S-Video out (adapter provided)	IEEE 1394 (4-pin)
	External video	Headphone/line-out jack
	Modem (RJ-11)	Microphone/line-in jack
<b>Card Slots</b>	One dedicated Memory Stick PRO™/Secure Digital card slot One Type I/II slot; 32-bit PC CardBus architecture; Smart Card ready <sup>1</sup>	
<b>Security</b>	Optional biometric fingerprint sensor	
	Smart Card ready <sup>1</sup>	
	Two-level BIOS and HDD password protection: User and Administrator Trusted Platform Module (TPM), TCG 1.2-compliant Computrace BIOS Persistence Module <sup>2</sup> Security lock slot	
<b>Battery</b>	Main battery: Lithium ion (6-cell 10.8V, 5200 mAh, 56 WHr) Bay battery: Lithium ion (6-cell, 10.8V, 3800 mAh, 41 WHr) Up to 2.5 hours <sup>7</sup> with main battery; Up to 4.5 hours <sup>7</sup> using both main and modular bay battery	
<b>AC Adapter</b>	Autosensing 100-240V AC, supplying 19V DC, 4.2A	
<b>Dimensions/Weight</b>	11.53" x 9.4" x 1.33"; approx. 3.6 lbs. with weight saver, approx. 4 lbs. with optical drive	
<b>Operating Temperature</b>	41°F to 95°F / 5°C to 35°C (ambient temperature); 20% to 85% relative humidity, non-condensing	
<b>Non-Operating Temperature</b>	5°F to 140°F / -15°C to 60°C, 8% to 85% relative humidity; non-condensing	
<b>Key Accessories</b>	For a full list of accessories, visit <a href="http://www.shopfujitsu.com">www.shopfujitsu.com</a> or call 1-800-FUJITSU Optional Port replicator with Serial, Parallel, DVI-D, External monitor, PS/2, 4x USB 2.0, Ethernet LAN pass-thru, DC power jack, Security lock slot, Suspend/Resume button, Headphone jack, and Microphone jack	

## Compliance and Service Information

<b>Compliance</b>	FCC Part 15B Class B and FCC Part 15C; IC ICES-003 Class B and RSS-210 UL-cUL Listed FCC Part 68; IC CS-03 CE Marking ENERGY STAR®
<b>Warranty<sup>8</sup></b>	One- or three-year International Limited Warranty on select corporate configurations; 24/7 technical support; Fujitsu extended service plans available.
